1. Sharon Walsh, Executive Director of the Alaska Real Estate Commission, sent out a timely update letting the industry know some of the topics covered in the last AREC meeting. In a smart move the AREC put the E and O regulations on hold when the Commission moved to table adoption of the proposed Errors and Omissions Insurance regulations (12 AAC 64.600 - 12 AAC 64.650) at their last meeting. Input received during the public comment period raised questions about the need for additional information prior to adoption of the regulations.
